

English

In English, the children will be reading some exciting and informative texts all about **different animals** linking to their science work.

They will be reciting poetry and writing both fiction and non-fiction based on the animal books they have read.

Science

During Science lessons, we will be continuing to learn about the seasons. We will start by focusing on winter and then we will be looking for signs of spring towards the end of the term. We will also be learning about new life and life cycles and will have the chance to look after some chicks and watch them grow!

Computing

The children will learn about controlling computer software, they will be doing this by using a beebot, a robot that follows instructions.

Geography

The children will be learning all about the weather in different seasons and linked with our science unit, be comparing weather across different parts of the world. The children will also be learning about the continents and oceans.

Spring 2018

Year 1

Class Teachers: Mrs O'Boyle and Miss Hodgson

Teaching Assistant: Mrs Gallagher

Through learning and loving we will follow Jesus.

Mathematics

In Maths, we will continue to learn our number facts to 10. We will start to learn all about shapes. We will look at place value and adding and subtracting to 20 and looking a place value to 50 by the end of the term. We will also be learning to count in multiples of 2's and 5's. Towards the end of term we will also be learning about measurement and how we can measure length, height, weight and volume.

Local History

During this term the children will be will be learning more about the local area – building on the knowledge learnt in Reception. This will be focused on the immediate area and will involve some mapping skills!

Religious Education

Our topics for this term will be Special People, Meals and Changing. The children will learn about significant people in our Church. They will also learn about the Last Supper and consolidate their understanding of the Easter story.
