

## Topic

During our topic sessions, we will be learning all about The Stone Age to The Iron Age. This is a very exciting topic in which children paint cave art, make Stone Age houses, learn about Stone Age animals and understand how our world has changed over time.

## Other

Homework will be set weekly. On a Wednesday, the children will receive a piece of English homework. The Maths homework will follow on a Friday.

The children are welcome to use the homework club that is available twice a week to complete their work with support.

Please ensure that daily reading is also completed as part of the children's homework.

## English

This term, children will be writing their own recounts and adventure stories. These pieces of writing will be based on fantastic Stone Age themed books such as Cave Baby and Stone Age Boy. We will also be reading and enjoying books from our Author of the term, Tom Fletcher.

## Autumn 2018

## Year 3

Class Teachers: Mrs Featherstone and Mrs Yates

Teaching Assistants: Mrs Scott, Miss Gunning, Mrs Richardson and Mrs Hodgkinson

*Through learning and loving we will follow Jesus.*

## Mathematics

Place Value will be the main focus this term. When this is secure, we will be moving onto applying this knowledge to addition and subtraction. This year, the children will be learning to use the more formal, column method to add and subtract.

## Science

Our focus for this half term will be Rocks. We will learn about the different types of rocks through scientific enquiry and investigation. We will plan fair tests and record our results in different ways.

## Religious Education

Our first topic will be Homes in which the children learn all about the importance of family. Following this, they will learn all about Promises. After the half term, children will also learn about the other faith of Judaism.
