

English

This term, the children will be focusing on their non-fiction writing. We will be writing biographies about the Leigh Centurion player John Woods as well as a match report of a famous game from history! Later on in the year we will be writing adventure stories too.

Mathematics

The main focus for this term will be written calculation strategies. The children will be securing their knowledge of written strategies for multiplication and division. They will apply this knowledge to a variety of reasoning and problem solving tasks and learning about fractions and decimals.

Topic

For the Spring Term the children of Year 4 will become local History and Geography experts.

We will also be having a Design Technology Week all around 'Happy Healthy Lifestyles'.

2019
Year 4

Science

The children will be learning all about living things and their habitats and electricity this term.

There will be lots of scientific enquiry involved and the children will discover the answer to the question "Why does a polar bear not live in the desert?" There may also be a trip at the end of term too!

Other

The children will receive Mathematics and English homework weekly. The homework will be handed out on a Monday, to be returned to school by the Friday. Alongside this homework, the children will also take home library books to be read daily. It is vital that you read with your children and ensure they do their homework.

Religious Education

The children's first topic this term is 'Community'. We will also complete the 'Giving and Receiving' topic as well as continuing to prepare for First Holy Communion.

Through learning and loving we will follow Jesus.
